**Commissioner for Patents**

Response to Papers filed 2-3-06 , 2-10-06 and 2-13-06

The substitute specification filed 2-10-06 and amendment filed on 2-13-06 have both not been entered because they are untimely. An amendment containing only formal matters (i.e. the substitute specification and new drawings) would be entered under 37 CFR 1.312 during the period after mailing of the notice of allowance but before payment of the issue fee. The drawings filed 2-3-06 have not been approved because the corresponding substitute specification was not entered. The drawings if approved without the substitute specification also approved would result in drawings that reference incorrectly with the current specification.
